Dear Friends:

I am pleased to announce the Klamath National Forest has completed a Monitoring and Evaluation Report for fiscal year 2001, which covers the period from October 1, 2000 through September 30, 2001. The Forest continues to progress in implementing the Klamath National Forest Land and Resource Management Plan. Funding levels did not allow the analysis process for the potential amendments identified in the five-year review, documented in last year's report, to be pursued in fiscal year 2002.

I am eager to hear any thoughts you may have on how we can better manage Forest resources to achieve our mission. Please send your responses to Lynda Karns of our Land Management Planning staff group at the above address. If you would like more information concerning our monitoring processes, contact Lynda via regular mail or at telephone number (530) 841-4469.

Sincerely,

/s/ Margaret J. Boland
